SKILLS

- **Programming Languages** - C, C++ , HTML , CSS, Javascript , Threejs , Expressjs , ReactJs
- **Framwork** - Bootstrap
- **Tools** - Vs Code , figma, Git
- **Soft skills** - Team work , Problem Solving

PROJECT

3DQuizGame Threejs

- Implemented realistic physics-based vehicle movement and signal logic to create an engaging user experience
- Used WebGL rendering for fluid 3D animation and optimized performance on web browsers.

3DGalaxy HTML , css , Threejs

Developed a visually immersive galaxy simulation using Three.js particle systems. Implemented dynamic rendering of celestial bodies with optimized performance, leveraging shaders and WebGL for realistic motion and depth effects.

3Interactive 3D Car Viewer

- Created a Three.js-based online 3D car visualizer.
- Developed interactive controls: rotation, zooming, and panning based on mouse and touch inputs.
- Added dynamic color change, allowing users to instantly alter the car's color in real-time.

EDUCATION

B.Tech in Information Technology

- Poornima College Of Engineering , Jaipur, Rajasthan | RTU | 2022 - 2026

Current CGPA: 7.22

Senior Secondary

- Saint Bright Moon Sr. Sec. School, Jaipur, Rajasthan | RBSE | 2021 - 2022

Percentage: 84.33%

FAMILER WITH

- UX / UI Design
- Photoshop
- Database - MongoDB , Postgress
- Blender
- Github
- After effect

HOBBIES

- Playing virtual games
- Editing (Photos and Videos)
- Cricket
